

What is a non-profit company?

Under section 25, why are we not allowed to use the words private limited in the name of the organisation?

Because once you are registered under Section 25, you are no longer either a private limited company or a public limited company. You are going to become a non-profit company. So till incorporation you are either a private limited company or a public limited. But after section 25 you are now a non-profit, so automatically at that point of time the words private limited are dropped
