

What is the Relevance of credibility study for the organisation and the donors?

- **For the organisation**

- Enables the organisation to look at self from the viewpoint of society, beneficiaries and donors.
- To improve the governance.
- To modify or restructure the programmes.
- To submit the credibility report to donor organisations or important individual donors along with proposals.

- **For the donors**

- To know if the organisation is blacklisted by any donor.
- To know if court cases related to the organisation are pending
- To understand the organisation in terms of governance, finances, legal status, vision and mission, strategy, and programme implementation and reporting.
- To decide if donations can be given or not, amount of grant and ways to ensure proper utilization of the grant.
